<https://full-stack-ecommerce-project.vercel.app/>

I am using the following technologies in the development of a straightforward Ecommerce Full Stack Web App:

- Next.js 13 as the framework.
- TypeScript for writing functionalities.
- Tailwind CSS for styling.
- Shadcn UI library for UI Design.
- Redux for cart functionality.
- Sanity for Headless CMS.
- Postman for API testing.
- Drizzle ORM for data management.
- PostgreSQL for the database.
- Stripe Api For Payment gateway.
